Line of Duty Death Project: We are still hard at work on our Line of Duty Death project. We have made incredible progress and we look forward to sharing the project with you. The project includes a page on our website dedicated to the fallen and a kiosk that will sit near the memorial wall. Visitors to the site and museum will be able to search on details for each member. The project will be unveiled later this fall.

9/11 Memorial Program: We have always honored the hard work and sacrifice our first responders go through. With the 20th anniversary of the 9/11 attacks just past us, it is more important than ever to acknowledge and commemorate the lives lost in that brutal attack. Our curator Brian Anderson, put together a program comprised of interviews that highlight the PFD's assistance after those attacks and personal memories of those who witnessed the destruction. The program can be found on the Fireman's Hall Museum [YouTube](#) page.

Firefighter & EMS Provider of The Year: We will be honoring one firefighter and two EMS Providers at our annual ceremony on October 5th. The program will be able to be viewed online following the event. Thanks to The Philadelphia Contributionship, Choice Clean Gear, the NFSA PennJerDel chapter and Hazzouri and Associates for their sponsorship of these awards.

Where Oh Where is O'Leary: We are putting together the resources for Where Oh Where is O'Leary, Fireman's Hall Museum's spotted Dalmatian who will be visiting various fire stations throughout the city. Make sure you explore fire stations around the city using our walking tours. You can find them on our site at [Resources for Families & Educators](#). Pictures of O'Leary will soon appear on these pages and we invite you to guess where he's wandered.

Social Media: Make sure you are following us on social media to keep up with everything we are up to here at the museum in real time. Instagram: @firemanshall, Twitter: @firemanshall, YouTube: Fireman's Hall Museum.
